

## ***DCS Hosting Announces Franchise Consulting Services Division***

Doylestown, PA, January 11, 2010 - Distributed Compliance Solutions LLC ("DCS"), provider of turn-key compliance hosting solutions, announces a new division offering services for the purpose of facilitating compliance with franchise specifications while incorporating best practices that increase profits.

Bill Sherman, Managing Partner heading up the new division, stated that, "DCS has employed resources that have deep experience in various franchise operation verticals, including food service, along with process and workflow engineering and marketing expertise, to provide our clients with a team approach that addresses maximizing profitability."

Services available in the 'Building of a Competitor Proof Customer Relationship' include a hosted site; Point of Sale systems interfaced to iPhone™ or web ordering; PoS reporting including trends and supply chain automation; automated workflows for new employees, store opening, store closing and corporate standards; new employee training support including hosted corporate videos for each store area, based on franchise specifications; a blog site to be shared with other franchise owners. These technical services along with DCS business and marketing expertise complete the package. Due to the hosted nature of DCS services, all that will be necessary to access these services will be a computer equipped with a web browser.

*"... focus on customers, staff and profits."  
commented Jon Lindenbaum, Managing  
Partner, YF Systems of Texas.*

Through a process of discovery at the client's site, DCS constructs an action plan with measurable milestones. "Working with DCS we were able to get our public web site up in a matter of days not weeks. With DCS automating our process for everything from on-boarding new owners and staff to inspection checklist, YF Systems can focus on customers, staff and profits." commented Jon Lindenbaum, Managing Partner, YF Systems of Texas.
