## **Delta and DCS to Participate in the DIA/FDA CDER/CBER Computational Science Annual Meeting March 22, 2010 thru March 23, 2010**

**PARSIPPANY, NJ – March 16, 2010** -- Delta Corporate Services (Delta), along with their business partner Distributed Compliance Solutions (DCS), will be exhibiting at the DIA/FDA CDER/CBER Computational Science Annual Meeting to be held on March 22, 2010 thru March 23, 2012 at the Bethesda North Marriott Hotel and Conference Center located in Bethesda, Maryland.

According to the DIA/FDA, " One of the most important and unrecognized issues contributing to drug development and regulatory productivity and quality is the ability to acquire, store, analyze, share and report information needed to make the most informed and rapid decisions in pharmaceutical companies, contract research organizations, and international regulatory agencies." Progress on topics including data standards, best practices-driven analytical tool development, business processes driving information systems development, and user experience/evaluation of current tools will be reviewed at this annual meeting of the **DIA/FDA**.

### **About Delta Corporate Services, Inc.**

Delta has a history of helping its clients solve business problems with uniquely configured technology solutions. Working with large and mid-sized corporations as well as the Federal Government, Delta provides consulting expertise specifically tailored to the unique requirements of each client.

Delta's success is the result of its ability to tailor its solutions to the specific requirements of each client. Through this approach Delta creates an effective bridge between industry best practices and the realities of each client's needs and characteristics.
